ACREDITATION:
PHYSICIANS:
AMA PRA Category 1 Credits™
USF Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

USF Health designates this live activity for a maximum of 13.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The American College of Obstetricians and Gynecologists has assigned up to 13.25 cognate credits to this program.

NURSES:
ANCC Accreditation
USF Health is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

A maximum of 13.25 contact hours may be earned by licensed registered nurses who participate in the entire course. Nurses must sign in each day to receive credit.

There are no pre-requisites for nurses to participate in the activity. Nurses must complete the entire 13.25 contact hours to receive credit. Participation is a prerequisite and completion is mandatory.
The following physician competencies will be covered in this program: 1. Obstetrical Knowledge, Practice Based Learning, and Improvement: NURSING OBJECTIVES:

By the end of the course, participants will be able to:

1. Demonstrate essential knowledge and skills specific to the management of obstetric emergencies. 
2. Perform vaginal examination and parturition
3. Demonstrate understanding of principle diagnoses in obstetrical emergencies
4. Recognize and declare emergency
5. Assess maternal and fetal well-being
6. Demonstrate mastery of abnormal labor patterns
7. Diagnose various causes of obstructed labor
8. Demonstrate an understanding of the use of oxytocin, magnesium, and anticoagulants
9. Identify the indications for cesarean delivery
10. Demonstrate complete knowledge of the entire breech delivery
11. Diagnose various conditions of fetal distress
12. Appropriately document the essential parts of a breech delivery and shoulder dystocia notes

AGENDA:

FRIDAY, OCTOBER 20, 2017

7:15-8:00am Registration/Breakfast (change into scrubs)
8:00-8:30am Welcome and Introductions - Shelly Holmstrom, MD
8:30-9:00am Didactic Session 1: Shoulder Dystocia - David Hanley, MD
9:00-9:30am Didactic Session 2: Parturium Hemorrhage - Susan LeVine, MD
9:30-10:00am Didactic Session 3: Eclampsia - Selah Dostoya - Eugene Chang, MD
10:00-11:15am Break/Exhibits
11:15-12:30pm Transition to Skills stations
12:30-1:30pm Lunch
1:30-4:45pm Skills stations
4:45-5:45pm Skills stations

SATURDAY, OCTOBER 21, 2017

7:15-8:00am Registration/Breakfast (change into scrubs)
8:00-8:20am Didactic Session 4: Vaginal Birth - Shelly Holmstrom, MD
9:20-9:40am Didactic Session 5: Breaking Bad News - Leslie Comaro, MD
9:40-10:00am Didactic Session 6: Eclampsia - Selah Dostoya - Eugene Chang, MD
10:00-11:15am Break/Exhibits
11:15-12:30pm Transition to Skills stations
12:30-1:30pm Lunch
1:30-4:45pm Skills stations
4:45-5:45pm Skills stations

REGISTER ONLINE AT:

www.cme.hsc.usf.edu

One two-day course will incorporate didactic presentations and hands-on simulations that focus on developing an understanding of the highest risk, low frequency obstetrical emergencies. The course will feature didactic and hands-on training in shoulder dystocia, posterior placenta previa, eclampsia, amniotic entrapment, fetal distress, and shoulder dystocia, and vaginal breech delivery, post-partum hemorrhage, and maternal and fetal resuscitation. The hands-on aspects of the course will include simulation of delivery on day 1 and the task training on day 2.

TWO EASY WAYS TO PAY:

1. Pay by Credit Card Online: A payment confirmation will be emailed to the participant. Registration will not be confirmed until payment is received

2. Pay by Check: After registering online, a payment voucher with instructions will be emailed to the participant. Registration will not be confirmed until payment is received

PRICING:

Register One (1) Session as a Group of Four or More: Group rates are available. For information, please contact Antoinette Erceg at (813) 224-7864 or e-mail to cpdsupport@health.usf.edu.

ALL REGISTRATION FEES INCLUDE BREAKFAST, LUNCH AND DINNER.

Accommodations:

Hilton Tampa Downtown
121 N. Tampa St.
Phone: (813) 224-2000

www.cme.hsc.usf.edu

Use the Hilton Tampa Downtown website to take advantage of the special rate of $159.00 per night for single/double occupancy plus sales tax. These rooms will be held at the special rate of $159.00 per night for single/double occupancy plus sales tax. These rooms will be held one (1) week prior to the meeting.

To make your hotel reservation, please contact the Hilton Tampa Downtown at (813) 224-2000, and reference the USF Continuing Education Program.

Directions:

Driving Directions:

For this transformation is this 90,000 square foot complex where human and technological elements are assembled under one roof for learning and innovation across all healthcare delivery through the most advanced tools, integrated medical education and training, the Center for Advanced Medical Learning and Simulation (CAMLS) seeks to elevate healthcare professionals.

A block of rooms has been reserved for this conference at the Hilton Tampa Downtown. Participants are encouraged to book rooms while they last. To book a room, please call the hotel directly at (813) 224-1000 and reference the USF Continuing Education Program.

Driving Directions:

South: From I-275, take the Downtown West exit (exit # 44). Stay left on the ramp as the road forks. Merge onto Tampa Street, a one way street. Stay in the left lane. The Hilton Tampa Downtown will be on your left.

North: Via I-275 S (from the south), take Downtown West exit (exit # 44). Stay left on the ramp as the road forks. Merge onto Tampa Street, a one way street. Stay in the left lane. The Hilton Tampa Downtown will be on your left.

PARKING:

Take the Ashley ramp toward Downtown-West/Tampa Street, a one way street. Stay in the left lane. The Hilton Tampa Downtown will be on your left.

For disability accommodations contact Antoinette Erceg, by phone (813) 224-7864, fax (813) 224-7865, or e-mail Antoinette Erceg at aerceg@health.usf.edu as soon as possible.

OFFICE OF CONTINUING PROFESSIONAL EDUCATION:

The course will feature didactic and hands-on training in shoulder dystocia, posterior placenta previa, eclampsia, amniotic entrapment, fetal distress, and shoulder dystocia, and vaginal breech delivery, post-partum hemorrhage, and maternal and fetal resuscitation. The hands-on aspects of the course will include simulation of delivery on day 1 and the task training on day 2.

The following physician competencies will be covered in this program: 1. Obstetrical Knowledge, Practice Based Learning, and Improvement: NURSING OBJECTIVES:

This two-day course will incorporate didactic presentations and hands-on simulations that focus on developing an understanding of the high risk, low frequency obstetrical emergencies.

The course is for family medicine and obstetrics residents on team training in shoulder dystocia, postpartum hemorrhage, eclamptic seizure, and near-miss maternal morbidity in vaginal delivery. Additionally, the course will incorporate didactic and hands-on training in high risk obstetrical scenarios, vaginal delivery, post-partum hemorrhaging, and management of critical maternal emergencies. The course will be taught by nurses who have been trained in up-to-date techniques, giving bad news to patients and their families. The course includes family practitioners who deliver babies, and nurse midwives.

The following physician competencies will be covered in this program:
- Medical Knowledge
- Practice-based Learning and Improvement
- Professionalism
- Systems-based Practice
- Patient care and safety
- Interpersonal and Communication Skills
- Teamwork and Practice-based Learning and Improvement

Learning Objectives:

By the end of the course, participants will be able to:

1. Demonstrate essential teamwork and communication skills and appropriate judgment in critical situations.
2. Perform abdominal and pelvic examination and provide an incision prior to vaginal delivery.
3. Apply evidence-based, best practice guidelines in the use of forceps and vacuum.
4. Perform the correct placement of a B-lynch suture and uterine compression sutures.
5. Recognize and declare an emergency while caring for a newborn.
6. Assess maternal and fetal compromise appropriately.
7. Demonstrate the management of postpartum hemorrhage.
8. List the indications for and complications of cesarean section.
9. Explain the anesthetic considerations for shoulder dystocia.
10. Identify the signs of dystocia.

Nursing Objectives:

By the end of the course, participants will be able to:

1. Demonstrate essential teamwork and communication skills and appropriate judgment in critical situations.
2. Perform abdominal and pelvic examination and provide an incision prior to vaginal delivery.
3. Apply evidence-based, best practice guidelines in the use of forceps and vacuum.
4. Perform the correct placement of a B-lynch suture and uterine compression sutures.
5. Recognize and declare an emergency while caring for a newborn.
6. Assess maternal and fetal compromise appropriately.
7. Demonstrate the management of postpartum hemorrhage.
8. List the indications for and complications of cesarean section.
9. Explain the anesthetic considerations for shoulder dystocia.
10. Identify the signs of dystocia.

AGENDA:

FRIDAY, OCTOBER 20, 2017

7:15-8:00am Registration/Breakfast (change into scrubs)
8:00-8:30am Welcome and Introductions
8:30-9:00am Didactic Session 1: Shoulder Dystocia - David Rapkin, MD
9:00-9:30am Didactic Session 2: PostPartum Hemorrhage - Susan Levine, MD
9:30-10:00am Didactic Session 3: Eclamptic Seizure - Eugene Chang, MD
10:00-11:15am Break/Exhibits
10:15-10:45am Didactic Session 4: Maternal Code - Judy Siegel, MD
10:45-11:15am Transition to Skills stations
11:15-12:30pm Skills Stations
12:30-1:30pm Lunch
1:30-3:30pm Skills Stations
3:45-4:45pm Skills Stations
4:45-5:45pm Skills Stations

SATURDAY, OCTOBER 21, 2017

7:15-8:00am Registration/Breakfast (change into scrubs)
8:00-8:20am Didactic Session 5: Vaginal Delivery - Eugene Chang, MD
8:20-9:40am Didactic Session 6: Operating Room Delivery - Eugene Chang, MD
9:40-10:40am Break/Exhibits
10:40-11:15am Break/Exhibits
11:15-12:30pm Skills Stations
12:30-1:30pm Lunch
1:30-3:30pm Skills Stations
3:45-4:45pm Skills Stations
4:45-5:45pm Skills Stations

The course will feature didactic and hands-on sessions, including:

**NURSING OBJECTIVES:**

- Demonstrate essential teamwork and effective communication among medical and nursing personnel in the care of patients in obstetric emergencies.
- Explain antepartum, intrapartum, and postpartum patient education, including family participation in care.
- Recognize and declare an emergency and activate the appropriate emergency response system.
- Assess the presence of life-threatening conditions and establish a plan for timely and appropriate care.
- Demonstrate the appropriate skills required to manage obstetric emergencies.
- Identify a safe and effective method for the delivery of obstetric emergencies.
- Demonstrate the ability to perform the technical maneuvers necessary for the management of obstetric emergencies.

**TARGET AUDIENCE:**

- Obstetricians
- Maternal-Fetal Medicine Investigators
- Nurse-Midwives
- Women's Health Nurses
- Neonatal Nurses
- Labor and Delivery Nurses
- Delivery Room Assistants
- House Staff
- Students
- Residents
- Medical Students

**LEARNING OBJECTIVES:**

- Demonstrate essential teamwork and effective communication among medical and nursing personnel in the care of patients in obstetric emergencies.
- Explain antepartum, intrapartum, and postpartum patient education, including family participation in care.
- Recognize and declare an emergency and activate the appropriate emergency response system.
- Assess the presence of life-threatening conditions and establish a plan for timely and appropriate care.
- Demonstrate the appropriate skills required to manage obstetric emergencies.
- Identify a safe and effective method for the delivery of obstetric emergencies.
- Demonstrate the ability to perform the technical maneuvers necessary for the management of obstetric emergencies.

**APPLICATION INFORMATION:**

- **Fees:**
  - Saturday and Sunday: $995.00
  - Early Bird (Until August 30, 2017): $905.00
  - Group of 3 or more: $955.00
  - Call for Information: (813) 224-7860
- **Registration:**
  - Online at www.cme.hsc.usf.edu
  - Phone: (813) 224-7860
- **Contact:**
  - Antoinette Erceg, CPD Manager, cpdsupport@health.usf.edu, or call (813) 224-7860

**AGENDA:**

**FRIDAY, OCTOBER 20, 2017**

- **7:15-8:00am** Registration/Breakfast (change into scrubs)
- **8:00-8:30am** Welcome and Introductions: Matthew Holmstrom, Madeleine S. Shelly Holmstrom, MD
- **8:30-9:00am** Didactic Session 1: Shoulder Dystocia - David Magann, MD
- **9:00-9:30am** Didactic Session 2: Operative Vaginal Delivery - Eugene Chang, MD
- **9:30-10:00am** Didactic Session 3: Eclampsia - Kavita Elam, MD, MPH
- **10:00-11:15am** Skills Stations / Lunch
- **11:15-12:30pm** Break/Exhibits
- **12:30-1:30pm** Lunch
- **1:30-4:15pm** Skills Stations
- **4:15-4:45pm** Skills Stations
- **4:45-5:15pm** Skills Stations

**SATURDAY, OCTOBER 21, 2017**

- **7:15-8:00am** Registration/Breakfast (change into scrubs)
- **8:00-8:30am** Welcome and Exhibits: Leslie Carraza, MD
- **8:30-9:45am** Didactic Session 4: B-Lynch Suturing - Joelle Cannatella, MD
- **9:45-10:15am** Didactic Session 5: Breaking Bad News - Leslie Carraza, MD
- **10:15-11:15am** Skills Stations
- **11:15-12:30pm** Lunch
- **12:30-1:30pm** Skills Stations
- **1:30-4:15pm** Skills Stations
- **4:15-4:45pm** Skills Stations
- **4:45-5:15pm** Skills Stations

**ACCOMMODATIONS:**

- Hilton Tampa Downtown
  - 211 N. Tampa St.
  - Phone: (813) 224-3200

**LOCATION:**

- CAMLS (Center for Advanced Medical Learning and Simulation)
  - 124 S. Franklin St.
  - Tampa, FL 33602
  - (813) 224-7860 • www.cme.hsc.usf.edu

**Pricing:**

- Standard: $100.00 cancellation fee will be assessed to cover administrative costs.
- Early Bird (Until August 30, 2017): $955.00
- Group of 3 or more: $955.00
- Call for Information: (813) 224-7860

**REGISTRATION:**

- Online at www.cme.hsc.usf.edu
- Phone: (813) 224-7860

**CME:**

- The course is limited to 50 slots. If you are less than a block from CAMLS. The hourly rate is currently $50.00. For more information, please call (813) 224-7860.

**EQUIPMENT:**

- All equipment and supplies are included. Participants are responsible for their own lab coats and personal protective equipment.

**CONTACT:**

- Antoinette Erceg, CPD Manager, cpdsupport@health.usf.edu, or call (813) 224-7860.

**DISCLAIMER:**

- The course is intended for those who are in obstetric practice. It is not intended to substitute for training, and the participants in the unlikely event that this activity is cancelled. The course is limited to 50 slots, if you are
