

Exhibitor and Sponsorship Prospectus

Mass Casualty Incident Training

**Location: USF Health Center for Advanced Medical Learning and Simulation, Tampa, FL
September 07-09, 2022**

Jointly sponsored by:

Dear Potential Exhibitor and/or Sponsor:

It is our pleasure to provide you with the Exhibit Prospectus and invite your company's participation at the Mass Casualty Incident Training taking place at USF Health Center for Advanced Medical Learning and Simulation, 124 S. Franklin Street in Tampa, FL on September 07-09, 2022.

Special skills and team-based training are necessary to optimally respond to an MCI. This two-day course features hands-on, high-fidelity simulations, augmented with dynamic pre-course content, to maximize the immersive learning experience.

Course Description: The primary goal of this Mass Casualty Incident Training (MCI) course is to simulate multiple high-volume, high acuity scenarios, and identify the resources, personnel, equipment, processes, and procedures that are necessary.

Violent mass casualty incidents (MCI) have critically affected our nation's communities and hospitals in both rural and urban environments. Due to the indiscriminate nature and location of MCIs, they can directly impact all ED personnel regardless of whether they work in a Level 1 trauma center or small community hospital.

The exhibit space will meet the ACCME Standards for Integrity and Independence and will be located in a separate space from the educational program rooms. Exhibits and/or exhibit materials cannot be displayed or distributed at the registration desk or in the educational space immediately before, during or after an accredited educational activity. Representatives of your company are not permitted to engage in sales or promotional activities while in the space or place of the educational activity. Company name badges cannot be worn within the educational space. We will provide you with name badges.

The Conference will allow ample opportunity to, enjoy one-on-one time with physicians, nurses, and advanced practice providers, network with established customers as well as develop new customer relationships.

Visit <https://bit.ly/3rxeCd8> for more information on the conference.

To request booth space or sponsorship, simply complete the exhibit/sponsorship application. Please feel free to contact us if you have questions. **See you at the conference!**

 - Premier location of large exhibitor space
 - Inclusion of Electronic Signage throughout the building
 - Reception with Product Theatre/Showcase from 5-6 pm on September 8, 2022
 - First right of refusal for future course sponsorship opportunities

Shipping Info:

To ensure successful shipping of your instruments, equipment, and supplies to and from CAMLS, please follow the instructions below.

Label Format

Include the following information on all shipping labels:

CAMLS
Attn: MCI Training Conference
Hold for: Name and Company that is making the shipment
124 S. Franklin Street
Tampa, FL 33602

Loading & Delivery Area

- Delivery and pickup access is on the Northside of the building located off of Florida Avenue or Franklin Street.
- All drivers should check in with security utilizing the intercom near the service door access.
- CAMLS has a loading and delivery area, but **not** a loading dock. Large equipment should be delivered on a truck with a lift to the ground. The inner dimensions of the delivery door are 63" wide x 82" tall. There is a "cuff" that holds the center post, which can be removed, if necessary, that will provide an additional 2" of height clearance.
- Please call the security desk, at 813.224.7908, with any delivery or pickup questions or issues.

Incoming Shipments to CAMLS

- Shipments may be received **3** days prior to the program start date. For deliveries outside of this period, please obtain pre-approval from the program coordinator to avoid additional charges.
- Either the client or the designated shipping company is responsible for unloading freight trucks. The client is also responsible for unpacking all shipments and removing crates from the CAMLS facility (CAMLS does not have adequate space to store crates).

Outgoing Shipments from CAMLS

- Clients are responsible for packing, correctly labeling and scheduling pickups for all outgoing shipments.
- The client or their designated shipping company must load freight trucks. CAMLS does not have shipping and handling staff.
- Shipments must be picked up within 3 days of program completion. For pickups planned outside of this period, please obtain pre-approval from the program coordinator to avoid additional charges.

FedEx Express, FedEx Ground or UPS

Please schedule a pickup when using FedEx Express, FedEx Ground or UPS and request a signature upon delivery/pickup. Properly label and package shipments, and include the client's contact information on the shipment, to avoid delays and ensure pickup at the scheduled time.

Please note that CAMLS (USF HPCC) is not responsible for any damaged, lost or stolen items.
