

2025 Minimally Invasive Gynecologic Surgery and Cadaver Lab January 11-12, 2025

You are invited to exhibit at the 2025 Minimally Invasive Gynecologic Surgery Course and Cadaver Lab taking place on January 11 - 12, 2025 at USF Center for the Advanced Medical Learning and Simulation (CAMLS), 124 South Franklin St. Tampa, FL 33602. This 2-day course will consist of an intimate setting of a maximum of 48 obstetricians and gynecologists, gynecologic surgeons, OB/GYN residents and fellows.

Purpose of the Exhibits

This course will focus on surgical techniques for efficient and safe total laparoscopic hysterectomy and advanced pelvic dissection. A laparoscopic suturing lab will be available throughout the course and the cadaver lab will take place the second day.

EXHIBIT SPACE RESERVATION

Companies wishing to exhibit must submit a completed exhibitor form with method of payment indicated on the form. This will serve as confirmation of your participation. Exhibits provide an educational service to participants and provide useful information about new developments and products and services related to their interests and responsibilities. Products or services displayed must further the purpose of the meeting and provide an atmosphere conducive to exchanging information relevant to the clinical content of the conference.
